MAKING YOUR HOME REMODELING VISION A BEAUTIFUL REALITY

Valor Home Services specializes in bath remodeling and hardwood refinishing as well as other carpentry and flooring projects. To help you get started with your renovation, use this step by step guide to design your remodel.

It all begins with a conversation and it ends when you are happy with the completed project.

We stand behind our work with our "Happiness Guarantee": Better Communication, Exceptional Craftsmanship and Budget Accountability or \$250 back and we will still make it right!

STARTING PROCESS

- > Decide on a budget that fits you
- > Collect images and sketches for inspiration
- > Design or draw a rough draft of the area you would like to remodel
- > Take images of the area that you would like to remodel
- > Use our step by step guide to keep organized
- > Contact us and schedule a Free phone consultation

OUR GUIDING PURPOSE: TO CREATE STRESS FREE HOME IMPROVEMENT EXPERIENCES

- > INTEGRITY FIRST
- > SERVICE BEFORE SELF
- > EXCELLENCE... IN ALL WE DO

EASY 5-STEP BATHROOM REMODELING PROCESS

1

INITIAL FREE PHONE CONSULTATION

At Valor Home Services, every step is **streamlined for your comfort and peace of mind**. We see this as the beginning of our relationship. Whether you know what you want or you're still thinking it through, our Remodeling Experts will have a in depth conversation to understand what you need and help remove the stress of your bathroom remodeling experience.

2

IN HOUSE CONSULTATION

At the in-house consultation, we'll take a more in-depth look at your project and your vision for the space. When we're on the same page, we'll either sign a design agreement or final contract and set the timeline for your project.

3

PRE-PRODUCTION & DESIGN

If you need help visualizing your ideas, we will have you work with our design teams that will turn your ideas into reality. Once you're happy with the design, we'll order the materials. While, you are working on your design and material selections, our experienced staff will work behind the scenes securing project approvals and permits if required.

4

BUILD STAGE

As we work on your home, we will keep you involved and updated at all times. You will always be involved in each step of the process and be able to talk to every person that comes to your house, from the designer to carpenters and even subcontractors. This way you're always having a real time image of how your project is unfolding.

5

ENJOY YOUR NEW BATHROOM TO THE FULLEST

When the majority of the construction is done, the Project Manager will walk through with you and create a "touch-up" list that documents any items that are incomplete or unsatisfactory. Once this list is compiled, the touch-up crew will go through and take care of every item on the list to your satisfaction. Your 3-year labor guarantee begins after we complete this process. When we walk Out the door and you see our trucks driving away you will be able to enjoy your new space with the people you love!

MEASURING GUIDE

This basic measuring guide will allow us to provide you with a preliminary estimate. We will measure your bathroom before ordering.

- #01. Sketch your bathroom.
 - #02. Measure the entire walls.
 - #03. Measure all openings, windows or doors.
 - #04. Measure opening from trim edge to trim edge.
 - #05. Measure from trim edge to far wall.
- Compare Steps 3+4+5 to Step 2. Totals should be equal.
- #06. Measure from floor to ceiling.
 - #07. Measure from floor to window sill.
 - #08. Measure from window sill to top of window.
 - #09. Measure from top of window to ceiling.
- Compare Steps 7+8+9 to Step 6. Totals should be equal.
- #10. Measure width of door from trim edge to trim edge.
 - Indicate position of door swing.
 - #11. Measure shower/tub and sink.
 - #12. Mark exact location of sink, water drains, electrical outlets and switches on sketch.
 - #13. List type and size of sink and tub/shower.
 - #14. Double check all measurements.
 - #15. Bring in your measurements.
- We will design a new bathroom for you.
